

FISCAL YEAR 2011 DEFENSE AUTHORIZATION AND APPROPRIATIONS FORM

Orrin G. Hatch (R-Utah)

United States Senator

Instructions

- In order to permit greater transparency of congressionally-directed spending requests, all Defense Authorization and Appropriation requests submitted to the Office of Senator Orrin G. Hatch will be posted on the Senator's official office website.
- In order to facilitate this process, please complete all three pages of this form and return it to William_Castle@Hatch.Senate.gov **NO LATER than the close of business on Friday, February 26, 2010.**
- Except for signatures, all responses must be typed.
- A completed form must be submitted for each individual request.

Project Name, Sponsoring Entity and Funding Request

1. Project Name: Ammunition Equipment Complex
2. Request (in dollars): \$25,000,000

Funding Recipient and Project Location

5. Suggested Recipient: Tooele Army Depot, Utah
6. Suggested Location of Performance:
- City: Toole Army Depot
- State: Utah

Budget Line Item Information

6. Please include the applicable Service, Account, Line, Budget Activity and/or Program Element information.

Military Construction, Army
Project # 65514

Project Purpose and Explanation

7. Purpose of the Project: (Limit of 250 Words) Please be precise and concise.

This project will fund the construction of a 92,450 square foot complex for the design and assembly of ammunition-handling equipment. This new infrastructure will create greater efficiencies in the design, fabrication, assembly, refurbishment and testing of various ammunition-peculiar equipment of the U.S. Armed Forces and Allied Forces.

Currently this work is performed in five dispersed World War II-era structures that were not designed to accommodate this workload. These buildings have significant structural deficiencies and lack proper ventilation and energy delivery. Some of the buildings are as far apart as 0.07 miles, making daily design and production coordination efforts time-consuming and inefficient.

8. Explanation as to why this spending is in the interests of taxpayers: (Limit of 250 Words) Please be precise and concise.

This project will increase the efficiencies in the design and production of ammunition peculiar equipment at Tooele Army Depot. This will lead to deployment of more capable and safer ammunition handling equipment.
